integrations
✓ Embed leading fintech solutions

✓ Differentiate your institution

You want to provide a top tier banking experience for your users, and we believe the best way to achieve that goal is by plugging in the best of the best – including both the tools they know and love and the greatest new technology on the market.

jack henry™

integrations

With the power to connect other tools, both from Jack Henry and from third parties, differentiating your institution has never been easier. Our open banking technology makes it easy to integrate all your user's favorite tools. We're always working on new connections and partnerships, and our speed of development means you'll always have the latest and greatest technology available.

	Company
Jack Henry Partners

our growing list of integrations

We're constantly working to support new integrations, in the form of both native (API) and single sign-on (SSO) technology.

Below is a complete list of the integrations we currently support. Please reach out to the Digital Experience Sales team at digitalexperience@jackhenry.com for more information on any of these integrations, as some may require a custom work request (CWR).
